

TECHNICAL DATA SHEET

PRODUCT NAME

blackbolt® Contact Cleaner

PRODUCT NUMBER

3356985013

PRODUCT DESCRIPTION

Contact Cleaner is a special fluid for cleaning electronic components and electrical equipment. It may be used as a cleaner wherever dirt, oil, grease and dust form a poor connection between contacts. The product does not damage plastics, rubber or painted surfaces. Does not lead to changes in frequency or capacity.

PROPERTIES

For electronic components and electrical equipment
Cleaner

DIRECTIONS FOR USE

Shake the can and spray directly on to the article. Must only be used on electrical equipment after power has been shut down. When used in closed electrical cabinets, ventilation must be carried out before power is connected.

MARKINGS/SAFETY

Pressurised container: May burst if heated. Extremely flammable aerosol. Repeated exposure may cause skin dryness or cracking. If medical advice is needed, have product container or label at hand. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. **Keep out of reach of children.**

Danger!

PR number	Er anmeldt
Net	350 g.
Volumen	500 ml.
