

Voluntary product information based on the format of a safety data sheet for organic bonded abrasives.

1. Identification of Product and Company

1.1 Product Identifier: 7800607006

27B GRINDING WHEEL.
125X6X22,23
A30-BF RF
2IN1
Special marking acc. to customer needs
Packing unit = 25 pieces

1.2 Use of the product

Organic bonded abrasives used for grinding/cutting of different materials.

1.3 Company identification

VAERK

Lemvigh-Müller A/S
Stationsalleen 40, 2730 Herlev
Danmark

Phone: +43 36 95 55 55

E-mail: info@lemu.dk

2. Hazards Identification

2.1 Classification

Not applicable.
Abrasives are articles and not dangerous substances or mixtures according to Regulation (EC) N° 1272/2008. See also section 8 and 16.

2.2 Label elements

Abrasives are articles and not dangerous substances or mixture and therefore no labelling is required according to Regulation (EC) N° 1272/2008.

2.3 Other hazards

Not known.

3. Composition/Information on Ingredients

The product contains ingredients which are classified according to Regulation (EC) Nr. 1272/2008 or for which a community occupational exposure limit value exists:

Substance	EC-N°	CAS-N°	REACH Registrierungs- nr.	Concentration	Classification acc. To Regulation (EC)N° 1272/2008 (CLP)	
Potassium- Aluminium- Fluoride	262- 153-1	60304- 36-1			Hazard classes/ hazard categories	Hazard statements
				< 15	Eye irrit. 2 Acute Tox. 4 Lact. STOT RE 1 Aquatic chronic 3	H319 H332 H362 H372 H412

(For the full text of the H-phrases see section 16)

Formaldehyd (max. 0,015%) can be part of the raw materials, but not the finished product. After firing, the tool is a consistent resinoid body, it is a whole new substance. The ingredients are not further existent in the original chemical structure.

4. First Aid Measures

See also section 8 and 16

4.1 Description of first aid measures

Inhalation:	Not possible, due to the form of the product
Eye Contact:	Not possible, due to the form of the product
Skin Contact:	Not harmful effect known.
Ingestion:	Not likely due to the form of the product. If necessary, contact physicians.

Note to physician: Not available.

4.2 Most important symptoms and effects, both acute and delayed.

Not know.

4.3 Indication of any immediate medical attention and special treatment needed.

Not relevant. Treat symptomatically.

5. Fire Fighting Measures

5.1 Extinguishing media

Extinguishing media: water, foam, sand, powder or CO₂ as appropriate for surrounding materials.

5.2 Special hazards arising from the product.

Toxic fumes may occur. Use respiratory protective equipment.

5.3 Advice for fire fighters

Extinguishing materials should be selected according to the surrounding area.

6. Accidental release measures

Not applicable.

7. Handling and Storage

Follow instructions of grinding machine manufacturers and the relevant national regulations.
In addition, observe the safety recommendations of the manufacturer.

8. Exposure Controls / Personal Protection

8.1 Control parameters

Before grinding it is recommended to perform a risk assessment and to use personal protection equipment accordingly.

Occupational exposure limit values and/or biological limit values

Keep exposure to the following components under surveillance. (Observe also the regional official regulations)

Limit value type (country of origin)	Substance	EC-N°	CAS- N°	Occupational limit value				Peak limit	Source, Remark
				Long term		Short term			
				Mg/m³	ml/m³ (ppm)	Mg/m³	ml/m³ (ppm)		
MAK (A)	Fluoride			2,5		12,5			GKV

Note: Hazardous dust of workpiece material may be generated during grinding and/or sanding operations. National regulations for dust exposure limit values have to be taken into consideration.

8.2 Exposure controls

8.2.1 Individual protection measures

8.2.1.1 Respiratory protection: Use respiratory protective equipment (type depends on specific application and material being ground)

8.2.1.2 Hand protection: Wear protective gloves (type depends on specific application and material being material being ground)

8.2.1.3 Eye protection: Wear protective goggles or face shield (type depends on specific application and material being ground)

8.2.1.4 Hearing protection: Use hearing protection (type depends on specific application and material being ground)

8.2.1.5 Body protection: Use protective clothing (type depends on specific application and material being ground)

9. Physical and Chemical Properties

9.1 Physical state: Solid

9.2 Colour: Various

9.3 Solubility in water: Not applicable

10. Stability and Reactivity

10.1 Reactivity

Abrasives are stable when handled or stored correctly.

10.2 Chemical stability

Abrasives are stable when handled or stored correctly.

10.3 Possibility of hazardous reactions

No dangerous reactions known.

10.4 Conditions to avoid

No decomposition in normal use.

10.5 Incompatible materials

No dangerous reactions known.

10.6 Hazardous decomposition product

At temperatures exceeding 250°C hazardous or toxic decomposition products may be generated.

11. Toxicological Information

No toxicological effects if inhaled or swallowed or with eye or skin contact are known.

See also section 8.

12. Ecological Information

12.1 Toxicity

No effect known.

12.2 Persistence and degradability

No biodegradable potentials known.

12.3 Bioaccumulative potential

No potentials known.

12.4 Mobility in soil

No potentials known.

12.5 Results of PBT and vPvB assessment

Not relevant.

12.6 Other adverse effects

No effects known.

13. Disposal Considerations

13.1 Product

Follow national and regional regulations.

13.2 Packing

Follow national and regional regulations.

14. Transport Information

The product is not covered by international regulation on the transport of dangerous goods.

15. Regulatory Information

15.1 Safety, health, and environmental regulations/legislation specific for the product

No specific labelling requirements under respective EC directives.

15.2 Chemical safety assessment

Not relevant.

16. Other information

Changes of the previous versions

See section 1 to 16

Literature and data sources.

REACH Regulation (EC) Nr. 1907/2006, amended by Regulation (EC) N° 830/2015..

Regulation (EC) N° 1272/2008, amended by Regulation (EC) N° 669/2018.

Directive 2000/39/EG, amended by Directive 2017/164/EC. Transport regulations according to ADR, RID, IMDG and IATA.. TRGS 900

Hazard statements referred to in section 2 and 3

Accordin to Regulation (EC) N° 1272/2008:

H319	Causes serious eye irritation.
H332	Harmful if inhaled.
H362	May cause harm to breast-fed children
H372	Causes damage to organs through prolonged or repeated exposure.
H412	Harmful to aquatic life with long lasting effects.

The above information is based on our current standard of knowledge and does not constitute any warranty of conditions of the product. The information does not form part of any contractual agreement. It remains the user's responsibility to adhere existing laws and regulations.
