

TECHNICAL DATA SHEET

PRODUCT NAME

blackbolt® Welding Spray

PRODUCT NUMBER

3356985007

PRODUCT DESCRIPTION

Welding Spray prevents welding spatter from settling on the nozzle and the item. The contact nozzle's life is extended, and it therefore requires less maintenance. Welding Spray is on the galvanising institutions' "positives list". Items can therefore be galvanised without rinsing. Harmless to skin and the respiratory system.

PROPERTIES

Non-flammable
Problem-free aftercare
Prevents burnt-on splatter

DIRECTIONS FOR USE

Spray briefly on the welding nozzle and, if necessary, on the welding item. The product is concentrated, so take care to avoid using too much.

MARKINGS/SAFETY

Pressurised container: May burst if heated. If medical advice is needed, have product container or label at hand. Read label before use. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Pressurized container: Do not pierce or burn, even after use. 12 mass percent of the content is flammable. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. **Keep out of reach of children.**

Warning!

PR number	2114627
Net	425 g.
Volumen	500 ml.
Propellant	Carbon dioxide

Shelf life	Three years from date of manufacture. The product can be used for up to six years after the date of production, provided there is sufficient spray pressure to allow it to be applied to the surface in a satisfactory manner.
