Længde	559 mm
Volumen	79.7 dm ³
Nettovægt	9.70 kg
Bruttovægt	10.62 kg

Palle

EAN	7322540550245
Stk.	80000
Forbrugerenheder	160
Højde	1915 mm
Bredde	800 mm
Længde	1200 mm
Volumen	1.6 m ³
Nettovægt	193.92 kg
Bruttovægt	212.30 kg

Miljø

Content

The fibre composition in the product is virgin fibres

Material

Virgin fibre

Virgin pulp fibres are produced out of softwood or hardwood. The process is either sulphite or sulphate delignification, meaning that e.g. lignins and resins are removed from cellulosic material.

Bleaching of fibres

Bleaching is a cleaning process of the fibres and the aim is to achieve a bright pulp, but also to get a certain purity of the fibre in order to achieve the demands for hygiene products and in some cases to meet the requirements for food safety.

There are different methods used today for bleaching ECF (elementary chlorine free) where chlorine dioxide is used, and TCF (totally chlorine free) where ozone, oxygen and hydrogen peroxide is used.

Chemicals

The chemicals used in the process as well as the functional chemicals are assessed from an environmental, occupational health and safety and product safety point of view .

The used functional chemicals are:

Dry strength agent

Dye = if coloured

Fixing agents

Fluorescent whitening agent

Glue

Softeners

The process chemicals are:

Antipitch

Protection agent

Yankee coating

Defoamer

Dispersing agents and surfactants

Tork Xpressnap® Extra Soft Serviet

Farve: Hvid

pH and charge control

Retention aids

Broke treatment chemicals

Drainage aid

Food Contact

This product fulfils the legislative requirements for Food Contact materials, confirmed by external certification performed by third party. The product is safe for wiping food contact surfaces and may also come occasionally into contact with foodstuffs for a short period of time.

Packaging

Fulfilment of Packaging and Packaging Waste Directive (94/62/EC): Yes

Environmental label = Ecolabel

This product has EU ecolabel.

Date of issue 2013-12-16

Production

This product is produced at Ortmann mill, AT.

Destruction

Napkins are suitable in normal waste handling systems by the community.

Used products should not be handled over to recycling systems.
