3M™ Solus™ 2000 series

**Out with
the old.
In with
the new.**

Safety that's just your style.

The new 3M™ Solus™ 2000 safety glasses are replacing the 2730, 2740 and Solus series by the end of March 2020. Get ready for comfortable, stylish eyewear with several coating options and a vast array of colours.

Out with the old. In with the new.

The 2730, 2740 and Solus series safety glasses have been around for more than 15 years. Time for a change! These three series will be phased out by the end of March 2020. Let's move to a new modern model with increased features and options for end users.

Old

Solus series

2730 series

2740 series

New

Solus 2000 series

Adjustable ratchet temples
Multiple position ratchet to adjust lens for facial features and eyeglass position

Choose your coating

- ▶ Scotchgard™ Anti-Fog/ Anti-Scratch coating provides K&N rated fog and abrasion resistance (selected models)
- ▶ Models with anti-scratch + coating (K rated) also available

Polycarbonate lens

- ▶ Absorb 99.9% of UVA and UVB rays
- ▶ Available in a variety of lens colours

Removable foam-lined gasket

Helps limit eye exposure to dirt and debris while providing added comfort and cushioning (suitable for all models)

Comfort with choice

New stylish frame colours for higher acceptance
