EU Regulation (EC) No. 1935/2004

With this signature, we hereby confirm that products delivered from  
KM Rustfri A/S is in accordance to all articulated in the EU regulation (EC) No. 1935/2004

The principle underlying this regulation is that any material or article intended to come into contact directly or indirectly with food must be sufficiently inert to preclude substances from being transferred to food in quantities large enough to endanger human health or to bring about an unacceptable change in the composition of the food or a deterioration in its organoleptic properties
