

Multi Purpose

Light Duty

## A good level of abrasion resistance & grip, as well as high tactility in dry to slightly oily environments.

- Made with a black 15 gauge highly comfortable and dexterous polyester liner (depending on the application requirement)
- EDGE 48-126 industrial work glove combines a seamless knitted liner with elasticized knit wrist dipped into black polyurethane coating.
- This combination provides good flexibility and finger dexterity compared to cotton canvas or thick cotton gloves.
- EDGE 48-126 is the efficient choice for an inexpensive light duty glove solution with quality features.

### Industries

- Automotive
- Oil and gas
- Machinery and Equipment

### Applications

- Assembly of small pieces
- General handling
- Packaging
- Quality inspection

### Key Features

- Now with EN level 4 of abrasion and good tear resistance, good grip, improved productivity
- EDGE 48-126 shows dirt less, glove is discarded less quickly
- Seamless structure; ensures comfort and encourages safety and glove usage

### VULCANIZATION CHEMICAL ACCELERATORS

- Natural rubber proteins

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

### Performance Standards & Regulatory Compliance

#### REACH Compliant
