Article	Description	Size
480WCC25-1	Whale chain cutter 25-1	25 simplex
480WCC35-40-1	Whale chain cutter 35-40-1	35-40 simplex
480WCC50-1	Whale chain cutter 50-1	50 simplex
480WCC60-1	Whale chain cutter 60-1	60 simplex
480WCC80-1	Whale chain cutter 80-1	80 simplex
480WCC100-1	Whale chain cutter 100-1	100 simplex
480WCC35-40-2	Whale chain cutter 35-40-2	35-40 duplex
480WCC50-2	Whale chain cutter 50-2	50 duplex
480WCC60-2	Whale chain cutter 60-2	60 duplex
480WCC80-2	Whale chain cutter 80-2	80 duplex

Technical information

This tool is used to break chains at specified lengths. After the pins of the chain are forced out, the chain can be disassembled. This tool can easily be used at the working site.

To use this tool a hammer is required. After aligning the chain with the centre pin, a punch from the hammer will break the rivet and disconnect the chain.
