(Black supplied as standard)

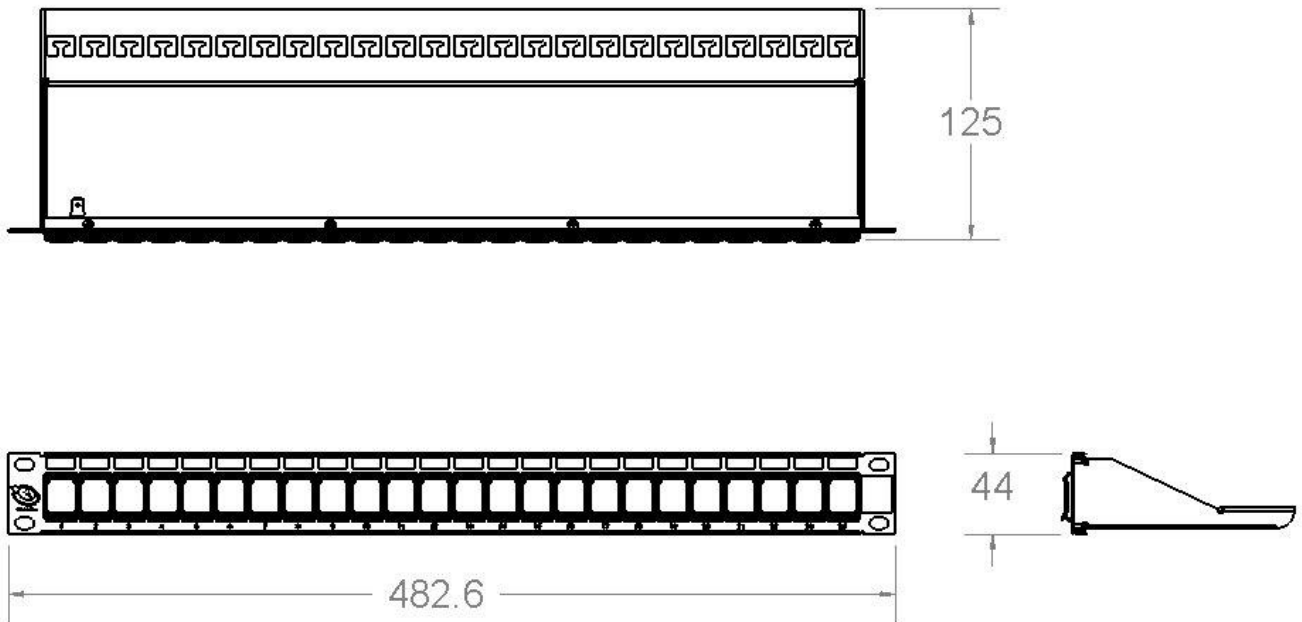

PRODUCT DESCRIPTION

A 19" Snap-in-Jack Patch Panel that accommodates 24 ports within a 1U configuration and provides coloured inserts with dust protection for individual port/service identification. The product is supplied with a detachable cable manager and black inserts/dust covers already loaded into the panel as standard. Optional coloured inserts are available, for purchase separately, to allow for individual port/service identification. Reference part number section for part details.
