## Vertically Integrated *From silicon to module*

The in-house production of the cells as part of the vertically integrated business model allows for strict control of the quality of our materials supply chain and production cycle. All Cells and Modules produced are in accordance with IEC 61215 and IEC 61730 international standards, using TQC & SPC quality assurance systems in an ISO9001 / ISO14001 environment.

Production sites based in either Henan or Dongyang provinces, not Xinjiang

Xinjiang Uyghur  
Autonomous Region
