Multi-Cable Support (Collective Retainer) KSH 15, KSH 30 KSM 15, KSM 30

Application	Fastening of cables and bunched cable to ceilings and walls and similar applications.
Standards	VDE 0100-100 / 06-2009 / IEC 60364 – 1:2005: Low Voltage Electrical Installations – Part 1 – Fundamental Principles...
Capacity	KSH/KSM 15: max. 15 cables NYM 3 x 1,5 KSH/KSM 30: max. 30 cables NYM 3 x 1,5
Fastening	Screw fastening max. 6 mm diameter
Suggested Fastening Spacing	500...600 mm
Material	KSH: impact resistant Polypropylene, halogen free KSM: strip-galvanized steel
Safety	Rounded edges
Environment	All material and applied procedures are RoHS compliant
Accessories	-
