

Precision indexing plungers with tapered indexing pin, Form B, lockable

Item description/product images

Description

Material:

Steel.

Grip ball thermoplastic.

Version:

Hardened and ground.

Grip ball black grey.

Note:

The indexing plungers with bushes are a perfect combination for rapid positioning and fixating. The precise design of both the indexing plunger and the bush guarantees high repeat accuracy when assembling two elements.

For technical information see assembly and installation instructions.
