

Levelling foot plates, Form D

Item description/product images

Description

Material:

Plate die-cast zinc or stainless steel 1.4305.
Anti-slip plate thermoplastic elastomer.

Version:

Die-cast zinc plate, black powder-coated.
Stainless steel plate, bright.

Note:

Levelling feet consist of a plate and a threaded spindle. Any plate can be combined with any threaded spindle.
The anti-slip plate absorbs vibrations and prevents the levelling foot slipping.
For matching threaded spindles see K0427.
