

Eccentric clamp module Form E

Item description/product images

Description

Material:

Body steel.

Cam levers cast aluminium.

Version:

Body black oxidised.

T-nut electro zinc-plated.

Cam levers black powder coated.

Note:

The clamp module is inserted into the T-slot from above and secured using the cam lever, no other tools required.

Advantages:

The eccentric clamp modules can be used on conventional aluminium profile systems or on T-slot tables as stops, fasteners or clamps for components and workpieces.
