

Edge protection sealing profiles with integrated steel wire core, Form D

Item description/product images

Description

Material:

EPDM and EPDM foam rubber.

Version:

black.

Note:

In addition to edge protection, these profiles also provide a sealing function against moisture, dust and dirt for other elements such as doors, hatches or housing covers. Depending on the shape of the foam rubber profile, they can be used in a wide range of applications.

UL50, UL50E and UL94HB certified.

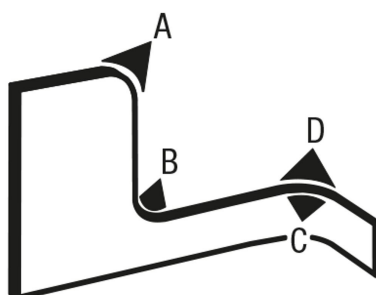

Assembly:

Easy, quick and smooth assembly. The edge protection profile is easy to push on by hand and remains in place. No adhesive or fastening material required.

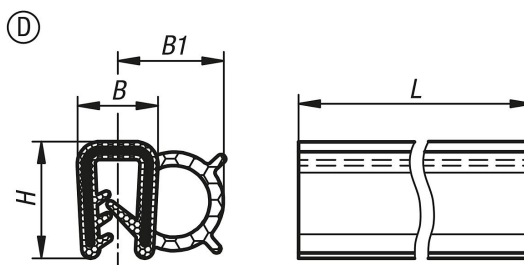

On request:

Other lengths.

Minimum bend radius:

Drawings
