MLINE

ET KONCEPT... UENDELIGE MULIGHEDER
ONE CONCEPT... ENDLESS SOLUTIONS

IP69K placeres mellem
lysmodulet og basen for
MLINE serien.

IP69K beskytter mod støv og
vandstråler med højt tryk og
forhøjede temperaturer.

Anvendelig med:

lysmodulerne XLF, FLR, SLR
baserne SHALLOW, DEEP e POLE.

IP69K is placed between the
dome and the base of the
MLINE series.

IP69K protects against dust and
high pressured and elevated
temperatures water jets.

Usable with:

the domes XLF, FLR, SLR
the bases SHALLOW, DEEP e POLE.
