

8000 A SB Zyklop ratchet with 1/4" drive, 1/4 inch x 152.0 mm
with 1/4" drive

EAN	4013288128034	Dimension:	152x35x35 mm
Code:	05073260001	Weight:	146,6 g
Article-No.		Country of origin:	CZ
		Customs tariff no.:	82041100

- Combines five different types of a ratchet in one
- Flywheel design and easy-to-grip free-turning sleeve for very high working speeds
- Freely pivoting ratchet head, push button release and left/right switchover
- Fine-tooth design allows a small return angle of 5°
- Can also be used as a screwdriver

Zyklop ratchet with 1/4" drive. The 72 fine-pitched teeth result in the ratchet having a very small return angle of only 5°. The ratchet head pivots freely and can be locked into any position by using the slide switch that is positioned on either side. It is even possible to work in very confined and difficult-to-access areas with enhanced hand clearance. The predefined locking at 0°, 15° and 90° both to the left and right ensures safe working without any slipping of the ratchet head. The ratchet can be used as a conventional screwdriver in its 0° position by attaching an adaptor and bit. The flywheel design means that screwdriving is accelerated. The rotation-symmetric structure of the Kraftform handle and the free-turning sleeve reinforce this rapid twisting process. The outstanding design of the Kraftform handle fits perfectly into the hand, preventing injuries such as blisters and calluses. The hard materials used for the handle ensure quick and easy hand repositioning without any danger of the skin sticking to the handle. The softer anti-slip zones enable the low-loss transfer of high forces. Suitable for 1/4" square sockets as well as 1/4" adaptor with square drive with ball lock.
