

HyFlex® 11-616 11-618 11-619

Mechanical Protection

Multi-purpose

Light

The next generation glove in comfort, dexterity and flexibility

DESCRIPTION

- Almost a second skin, this very thin glove offers outstanding comfort, fit and sensitivity for the most delicate handling.
- 18-gauge knitting technology allows this glove to be ultra-thin yet tough.
- Designed for a wide range of lightweight applications in dry or slightly oily environments, it is ideal for workers who need a higher level of fit, touch and precision than that offered by their current gloves.
- Also ideal for applications where cotton gloves or no gloves at all are used despite the risk of scrapes, blisters and minor injuries.
- In addition, the 11-618 and 11-616 dark liners are well-suited for environments that present a certain degree of dirt.

PRODUCT DETAILS

Construction	Knitted
Liner material	Nylon
Gauge	18
Coating material	Polyurethane
Finishing	Palm coated
Cuff style	Knitwrist
Colour	11-616: Black and green/blue 11-618: Black and dark blue 11-619: White
EN Sizes	6,7,8,9,10,11
Length (mm)	195 - 245
Packaging	12 pairs in a bag; 12 bags in a carton

IDEAL APPLICATIONS

- Cosmetics/plastics (also packaging stage)
- Final assembly, airco, electrical engines, wire harness assembly, adjusters work
- Finishing works
- Light assembly applications requiring a high degree of precision
- Picking and fitting small pieces (bearings, springs...)
- White goods and electrical goods
