

Product name	IQ Welding Hose Oxygen Blue
Description	Lining : SBR/EPDM, black Reinforcement : PVA Cover : EPDM, blue
Lengths	50 MT
Application	Lightweight, flexible, smooth, blue hose for oxygen, to EN559 and ISO 3821. For use with industrial autogenic welding equipment, usually together with red acetylene hose. Also ideal for natural gas and air.
Temperature	-30°C til 80°C,
