

Plus

Big knob, comfortable to use
 Very effective shock-protection (roll-bar)
 Thanks to the magnet and the roll-bar, you can place it everywhere

HOUSING	
Casing	Aluminium
Shock-Protection	Metallic Roll-Bar
Connecting Cable	L 6 m / 10 m / 25m (not included)
TECH FEATURES	
Communication	CANBUS Digital communication 500 Kbs
Software	Proprietary software
Status lights	Led
Display	7-Segment led-based
Welding parameters display A/V	Digital
Welding parameters setting A/V	Digital
Minimum and maximum setting	Available on the welding equipment
TECH DATA	
Dimensions	105x180x65 mm
Weight	0,5 kg
Power supply	15 Vdc
Maximum input power	0,6W
Maximum input current	40 mA
IP protection rate	IP23S
