

Double ball catches

Item description/product images

Description

Material, version:

Housing and latch chrome plated brass.

Balls and springs stainless steel.

Note:

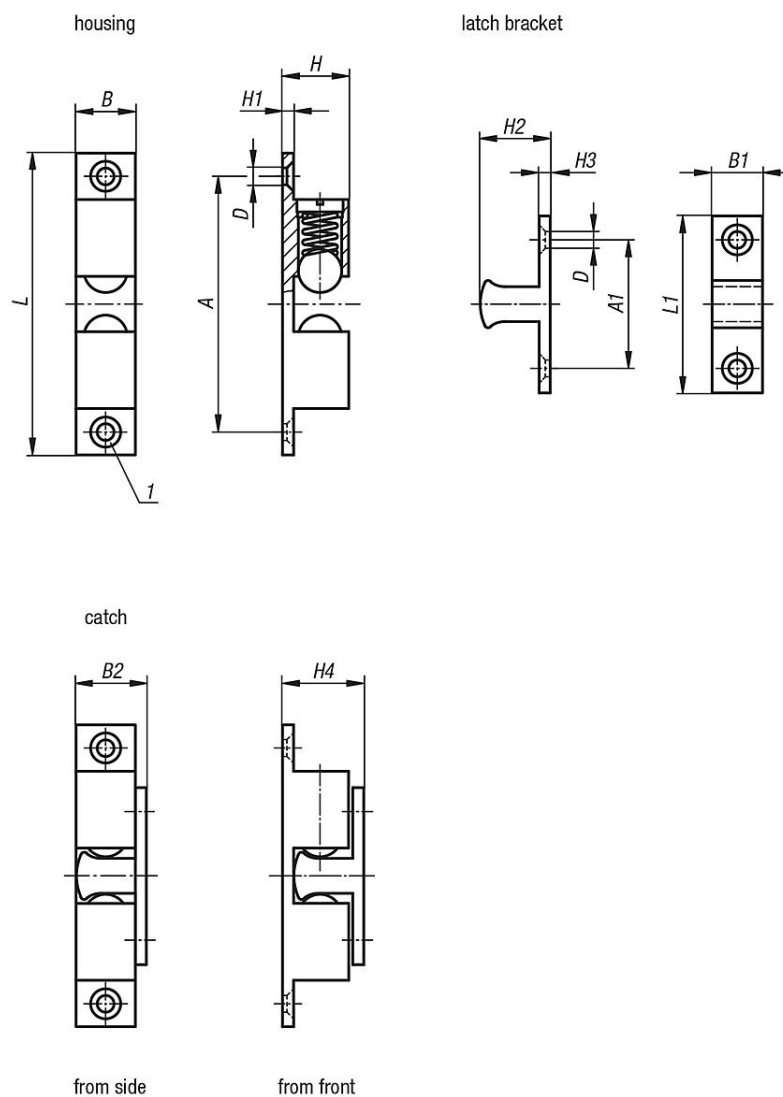

Quick catch for various applications such as holding doors, hatches, screens etc. closed. The double ball catch consists of a housing and a latch bracket that engages between the two balls. The latch bracket can engage from the front or the side. The engagement pressure is adjustable.

Drawing reference:

1) counterbore DIN 74-A
