

TECHNICAL DATA SHEET

PRODUCT NAME

blackbolt® Antirust

PRODUCT NUMBER

3356985004

PRODUCT DESCRIPTION

Antirust – water-repellent universal spray that gives a conspicuously shiny protective film that does not dry hard. Antirust protects all steel and metal parts effectively against rust and prevents corrosion of aluminium and light alloys. Used for machines, tools, semi-finished products etc. that are to be protected against corrosion before further processing.

PROPERTIES

Provides a thin protective film
Protects steel and metal against corrosion
Repels water and damp effectively
Can be removed with a degreaser
Long term protection of machines and tools

DIRECTIONS FOR USE

Antirust is sprayed briefly on to the article and will leave a conspicuously shiny protective film. The film repels water and damp.

MARKINGS/SAFETY

Extremely flammable aerosol. Pressurised container: May burst if heated. If medical advice is needed, have product container or label at hand. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Dispose of contents/container to an approved waste disposal plant. **Keep out of reach of children.**

Danger!

PR number	2135735
Net	330 g.
Volumen	500 ml.
Propellant	Carbon dioxide

Shelf life	Three years from date of manufacture. The product can be used for up to six years after the date of production, provided there is sufficient spray pressure to allow it to be applied to the surface in a satisfactory manner.
