

Highly chemical-resistant gloves, ideal for use in spill response kits

- **Specialized protection:** AlphaTec® 02-100 laminated safety gloves have a five-layered design, protecting against a broad spectrum of chemicals with EN type A chemical resistance, for improved workplace safety
- **Advanced defenses:** Beyond chemical protection certification, they possess EN 374 viral protection capabilities
- **Guaranteed quality:** AlphaTec® 02-100 industrial gloves are also rigorously air-pressure tested and 100% inspected, ensuring exceptional quality and reliable personal protection

Industries

- Life Sciences
- Metal fabrication
- Chemical

Applications

- Packaging and labelling
- Handling application & cleaning tools
- Filling, blending and charging of raw materials
- Opening and draining pumps valves or lines
- Loading and unloading of process equipment
- Transferring liquids and solids between vessels and tanks and process equipment
- Testing
- Charging and blending raw materials
- Unexpected leakages spills or other releases

Previously known as: Barrier

Key Features

- **Five-layer chemical barrier:** EN 374 Type A chemical protection ensured
- **Antimicrobial defenses:** Safety gloves with EN 347 viral protection
- **Air-pressure tested:** PPE gloves subject to rigorous quality checks
